LANGUAGES

English
Setswana (Home Language)
Tshivenda (Secondary language)

ABOUT

I am a highly competent IT professional with a proven track record in designing websites, creating user-friendly solutions and teaching ICT to qualified primary and high school teachers. I have strong technical skills as well as excellent interpersonal skills, enabling me to interact with a wide range of clients and team-members.

I recently developed a solid foundation in programming languages such as Python and Java and I have experience with HTML, CSS, JavaScript and Bootstrap for front-End development. My goal is to become a strong full-stack developer that builds innovative solutions in our ever-evolving world of software development.

SKILLS

Microsoft Office (Word, Excel, Power point, Access) proficiency
Computer literacy - troubleshooting and Problem solving
Front-End development
Python programming
