<u>Front-end Developer</u>

Web Development | WordPress Development | Mobile App Development

I am a results-driven Front-End Developer with 5 years' experience building intuitive, high-performance digital solutions. Skilled in **HTML, CSS, JavaScript, and modern frameworks**, with proven success enhancing online presence and functionality for startups. Experienced in **WordPress development, Python (Kivy, Tkinter), and mobile app development with Dart/Flutter**. I also have hands-on expertise in working with **MVC architecture and Blazor** to develop scalable websites and interactive dashboards. Passionate about transforming complex challenges into **user-friendly, business-aligned solutions** across web and mobile platforms.

PROFESSIONAL EXPERIENCE

Front-End Developer Intern | JAG METHOD

February 2025 - Present

- Collaborate with UI/UX team to design and refine responsive interfaces for internal and client-facing apps.
- Develop front-end components (HTML, CSS, JavaScript, C#(MVC, Blazor) with cross-browser and mobile compatibility.
- Build interactive dashboards with form validation and API integration for data-driven functionality.
- Debug and test front-end features to optimize usability and performance.
- Support branding through graphic design assets and UI mockups.
-

Recruitment Officer Intern | Orange Memo

March 2024 – February 2025

- Streamlined recruitment by sourcing, screening, and interviewing candidates.
- Managed job postings and maintained candidate database to improve pipeline efficiency.
- Partnered with CEO to refine recruitment strategies, enhancing candidate experience.
- Facilitated webinars on CV writing and application processes; completed 3 recruitment certifications.

Teaching Trainer | Sci-Bono Discovery Centre / GDE

Part-time 2022-2023

- Trained primary and high school educators in Microsoft Office Suite and Computer Literacy.
- Simplified technical concepts, boosting digital adoption and confidence.
- Completed Coding & Robotics Teaching Certificate to enhance STEM-focused teaching.
